## Summary:

Creative and talented professional with expertise in web development, computer programming, photography, driving, mathematics, and IT technician. Skilled in creating dynamic and responsive web applications, troubleshooting technical issues, capturing captivating photographs, and delivering exceptional driving and mathematical services. Committed to delivering high-quality work and achieving excellence in all endeavors.

## Education:

- Bachelor of Science in Computer Science, Unity University, Graduated in September 2022
- Preparatory, Goro Preparatory School, September 2017 - June 2018
- High School, Star Academy, September 2015 – June 2016

## **Skills:**

- **Web Development:** Proficient in HTML, CSS, JavaScript, React, and Node.js. Experienced in developing responsive and dynamic web applications that provide seamless user experiences. Attention to detail and commitment to high standards.
- **Database Management:** Knowledgeable in SQL and NoSQL databases, including MySQL and MongoDB. Skilled in designing and implementing efficient databases.
- **Computer Programming:** Strong programming skills in various languages, including JavaScript, PHP, Java, and Python. Experience in solving complex problems and developing efficient algorithms.
- **Photography:** Passionate about capturing memorable moments. Skilled in using professional cameras, editing software, and creative composition techniques to produce stunning photographs.
- **Driving:** Excellent driving skills with a clean record. Experienced in handling various types of vehicles, adhering to traffic laws, and ensuring passenger safety.
- **Mathematics:** Strong mathematical background with the ability to apply mathematical concepts to problem-solving. Effective in explaining complex mathematical concepts in a clear and concise manner.
- **IT Technician:** Proficient in troubleshooting hardware and software issues, setting up networks, and providing technical support. Strong problem-solving and analytical skills.

## **Experience:**

- **Web Development:** Developed numerous web applications utilizing HTML, CSS, JavaScript, React, and Node.js. Implemented responsive designs, integrated databases, and resolved cross-browser compatibility issues. Visit my GitHub repository: <https://github.com/afteralexxo>
- **Photography:** Captured diverse subjects, including landscapes, portraits, and events. Utilized advanced editing techniques to enhance visual appeal. Showcased my photography portfolio on various platforms.
- **Driving:** Demonstrated excellent driving skills and safety consciousness while operating cars, trucks, and vans. Maintained a clean driving record and ensured timely and secure transportation.
- **Mathematics:** Provided one-on-one tutoring in mathematics, assisting students in understanding and excelling in various mathematical concepts and problem-solving techniques.
- **IT Technician:** Resolved hardware and software issues, set up and maintained computer networks, and provided technical support to ensure smooth operations in an IT environment.

## **Projects:**

- **Full-Stack Portfolio Website:** Developed a captivating portfolio website using the MERN stack to showcase my skills and projects. Implemented interactive features, seamless navigation, and visually appealing design.
- **E-commerce Website:** Designed and developed a user-friendly e-commerce website with secure payment systems, inventory management, and customer reviews.

## **Certifications:**

- Coding for Marketers, Solo Learn:
